

Water Sustainability Fund Annual Report for Application # 5196

CPNRD Drought Management Plan and Local Drought Monitor

Contract Date: November 28, 2017

Amount Obligated: \$60,000

Current Project Activities:

The CPNRD's Drought Management Plan was presented to our board during our September Board Meeting. We are currently in the development stage of the Event Dashboard and Reporting tool functionality.

2022 Anticipated Activities

A pilot Events Dashboard and Reporting tool is anticipated by the end of 2022.

Projected Project Expenses for Remainder of Project

Reimbursements were requested and awarded in the amount \$7,894.80. Of the requested amount (\$60,000) \$16,726.80 remains.

Reassessment of Project Benefits
