

Water Sustainability Fund Annual Report for Application # 5214

CPNRD Conceptual Multi-use Dam Design

Contract Date: December 18, 2018

Amount Obligated: \$56,270

Current Project Activities:

Existing and potential dam sites and other structures have been classified, reviewed, and a product has been developed for the CPNRD.

2022 Anticipated Activities

We will look at incorporating possible groundwater models and finalizing a design memo.

Projected Project Expenses for Remainder of Project

Reimbursements were requested and awarded in the amount \$16,482.00. Of the requested amount (\$56,270.00) \$1,175.60 remains.

Reassessment of Project Benefits
