## DNR UPDATE & PUBLIC COMMENTS

No comments were offered.

### PROGRAM COMMITTEE

Staff lead discussion on agenda topics pertaining to program activities. No unusual activity was reported during review of status reports for the following funds.

#### Resources Development Fund

The status report showed business as usual. Although this fund no longer receives an appropriation, it was formerly funded through the state's general fund. Reynolds reported the Central Platte NRD board will, at its next board meeting, be voting to go out for bid on the education facility which is a component of the Upper Prairie/Silver/Moores Creek project.

#### Small Watersheds Flood Control Fund

This is currently an unfunded program. The state's general fund formerly funded this program.

#### Soil & Water Conservation Program Fund

The status report showed business as usual. This program is funded through the state's general fund. A request was just sent out to NRD managers asking if they have any unspent funds which will later be redistributed.

#### Natural Resources Water Quality Fund

The status report showed business as usual. This fund is cash funded by a portion of pesticide applicator fees collected through the Department of Agriculture. Usually, this amounts to about \$1.1 million dollars per year and it goes directly to the NRDs for their water quality program. Distributions are made twice per year and the next distribution of about \$800,000 is about ready to go out.

#### Water Well Decommissioning Fund

The status report showed business as usual. This fund is cash funded through a portion of well registration fees and amounts to about \$60,000 per year. The fund operates on a reimbursement basis.

#### Water Sustainability Fund

The status report showed business as usual. This program is funded by the state's general fund, and the rate of project progress has picked up this year since slowing down during the Covid pandemic. Also, Alexa Davis will be assisting with updates to the fund's Story Map which is found on the Commission's website at: <https://nrc.nebraska.gov> along with a lot of other information related to the Commission. Several specific project progress updates were

discussed. Annual project update reports are due April 1<sup>st</sup> and will be available on the Commission's website.

### **EXECUTIVE COMMITTEE**

Chairman Steffen stated the Executive Committee met prior to this meeting. The Committee wanted to relay that Governor Ricketts signed the recent revisions to Title 261, the Rules governing the Water Sustainability Fund prior to leaving office. One of those revisions changed the filing date for grant applications from July to March so the 2023 applications will be coming in soon.

### **ELECTION OF OFFICERS**

Chairman Steffen announced that the Nominating Committee this year was composed of Dennis Strauch, Garry Anderson and Stan Clouse. Steffen then opened the floor for nominations.

Committee Chairman Strauch then brought forward the following motion.

**Strauch moved and Reynolds seconded the motion to nominate Don Batie for Chairman and Greg Wilke for Vice-Chairman.**

Chairman Steffen called for additional nominations three times. None were offered. Chairman Steffen asked for a motion to cease nomination and call the vote.

**Strauch moved and Smathers seconded the motion nominations cease and the Commission cast a unanimous ballot.**

(Note: The motions were combined into one and the roll call vote was called.)

**Motion Passed.**

Batie took over as Chairman. Batie described the Executive Committee make-up and the five committees of the Commission. Batie appointed Rick Kubat chair of the Program Committee, Mick Reynold chair of Comprehensive Planning Committee, Scott Smathers chair of the Legislative Committee and Dan Steinkruger chair of the Applications Review Committee. Batie passed a sheet around asking each commissioner to indicate whether they would be willing to serve on a committee. Committee membership will be announced at a later date.

### ANNUAL SCHEDULING OF MEETING DATES

Chairman Batie announced the following meeting dates were scheduled. All meetings were planned for Kearney except possibly the December meeting which may be a two-day meeting including a tour of projects. Commissioners were invited to email ideas for tour locations. Some of the projects discussed were the CNPP&ID's Elwood Siphon, Hasting's municipal project and a couple other locations with projects funded by the Commission.

- April 5<sup>th</sup>, 2023
- July 19<sup>th</sup>, 2023
- December 6<sup>th</sup>, 2023

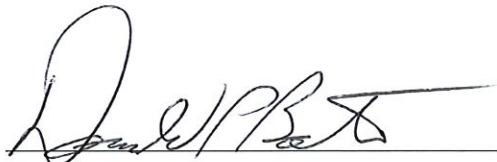

- February 21<sup>st</sup>, 2024

### OTHER BUSINESS

- Kubat reminded commissioners the Accountability and Disclosures forms are due by April 1<sup>st</sup>.
- Bradley discussed concerns about Crypto Currency organizations setting up shop in Nebraska. Clouse described multiple benefits that will be derived from the business setting up shop in Kearney.
- Oath of Office forms were distributed to Commissioners for signatures.
- Steinkruger led a discussion on the issue of cover crops and the need for a coordinated effort at the state level for cost share that could tie together Federal and NRD programs with farm groups and industry in general noting cover crops provide broader social benefits to the land, water, carbon, wildlife and more in addition to the farmer and landowner.
- Strauch noted a bill in the legislature to provide funding to the SWFCF.

### ADJOURNMENT

The meeting was adjourned at 11:48 a.m.
